

Dr. CleRenda McGrady is a wife, mother of four, philanthropist, teacher, and entrepreneur. As the founder of ReNew Coaching Center, McGrady is a firm believer that when we renew our thoughts, we transform our lives.

McGrady is also the founder and director of PUSH Girls Academy (PGA), a high school girl's mentoring and scholarship program. PGA supports, empowers, and develops young ladies to become (P)urpose-led, (U)nstoppable, (S)uccess-bound, and (H)ope-filled so they can have the confidence to compete, lead, succeed, and soar in an evolving and demanding world.

McGrady's program is built around providing the young ladies the "Three E's" of experience, examples, and exposure to showcase what is available, obtainable, and accessible for them to dream big.
